BASIC THEOLOGY BOOKLET

Rapidly Advancing Disciples (RAD)

Last Revised: May 2016
This exercise is a very simple way to have a "come and be with me" group begin to develop a solid theological underpinning. This entire exercise should be broken out over number of meetings with 1 topic covered as a warm-up study each time the group meets (suggested!). We recommend that they work in groups of 3 to 7 individuals (If you are meeting with 8, this would mean 2 groups, and if you have a larger group like 12-14 master trainers, this means 2 groups of 6-7). As a group, they read the passages and answer the questions. Note you should tell the group upfront that the answers to each question cannot be their opinion. Instead, multiple Scriptures must be referenced as the answer. Then after each group is finished, one facilitator (either you or a national) goes to the front and together all the groups answer each question. Allow the groups to self-correct one another from Scripture. The result is a lively dialog that ultimately leads each participant to internally own solid Biblical theology. (Note: This activity can also be done very easily in small groups or churches and has proven to be very effective in entire church bodies growing and learning doctrinal truths.)
